VISION

To be a center of excellence in the field of pharmacy education and research, preparing globally competent students for leadership in their fields and to cater the human resource needs of pharmaceutical industry and healthcare needs of society.

MISSION

Fostering a learning-centre, research-oriented educational environment that encourages individuals to make positive lifelong contributions to global health.

To provide state of art educational surrounding for creating skilled individuals to endeavor to meet the global challenges in pharmaceutical field.

To develop faculty and resources that instills values and encourages knowledge acquisition which will enhance socio-economic betterment of society.

ABOUT COLLEGE:

- o Affiliated to Shivaji University, Kolhapur (Permanent Affiliation)
- o 2f and 12 b approval from UGC, New Delhi
- o Approved by Govt. of Maharashtra
- o Approved by All India Council for Technical Education (AICTE), New Delhi
- o Approved by Pharmacy Council of India (PCI), New Delhi
- o Recognized as Ph. D. Research Centre in Pharmaceutical Sciences
- o B. Pharmacy Course accredited by NBA, New Delhi (2019 to 2022)
- o D. Pharm. course affiliated to MSBTE, Mumbai

COURSES OFFERED:

- o D. Pharm.
- o B. Pharm.
- o M. Pharm.
 - Pharmaceutics
 - Pharmaceutical Chemistry
 - Pharmaceutical Quality Assurance
- o Ph. D.

National Webinar Under Faculty Development Programme
on
**"Surfactant Based Non Aqueous Dispersion: Versatile
Vehicle for Drug Delivery"**
(14th August 2020)

ABOUT PROGRAMME

Webinar session will provide an overview of:

- Recent advances in the field of insoluble drug delivery.
- Conceptual idea about surfactant based non aqueous dispersions and its varied applications in different drug delivery systems.
- Utility of surfactant based non aqueous dispersions for hydrolytically unstable drugs, wherein the API is prone to undergo hydrolysis or oxidation in presence of water.
- Surfactant based non aqueous dispersions as reservoir vehicles for transdermal systems to increase dermal permeation of drugs.

WHO CAN ATTEND?

Faculty members, PG students and researchers from Pharmacy colleges.

REGISTRATION: FREE BUT MANDATORY

LAST DATE OF REGISTRATION: 13/08/2020

LINK TO REGISTER:

<https://forms.gle/XCaM1bKzeQhHMGBY8>

REQUEST TO THE DELEGATES:

- ✓ The session will be conducted on zoom.
- ✓ Registration is mandatory.
- ✓ Zoom link of the session will be shared on the registered e-mail address.
- ✓ Please join the Zoom meeting at 05 minutes earlier to the scheduled time.
(*Only first 100 delegates can be accommodated)
- ✓ Remaining delegates can join through YouTube link for live streaming (link of sessions will be shared on registered e-mail address)
- ✓ It is mandatory to fill the feedback form to ensure your attendance based on which E-certificates will be issued.
- ✓ The link for feedback will be shared on registered e-mail address.

K.E. Society's
Rajarambapu College of Pharmacy, Kasegaon
Report of Faculty Development programme on "Surfactant based non
aqueous dispersion: Versatile vehicle for drug delivery"
(Date: 14th August, 2020)

Topic: Surfactant based non aqueous dispersion: Versatile Vehicle for Drug Delivery.

Date: 14th August, 2020 Time: 12:00 noon onwards

Speaker: Dr. Shekhar Verma, Professor at University College of Pharmacy, Pt. Deendayal Upadhyay Health and Ayush University of Chhattisgarh.

Live streaming on Youtube Link <https://www.youtube.com/channel/UCv-ZbXC9rKmeir0OWzliSdA>

A Faculty Development programme on "Surfactant based non aqueous dispersion: Versatile vehicle for drug delivery" was organized by Rajarambapu College of Pharmacy, Kasegaon on 14th August 2020.

Dr. Shekhar Verma, Professor at University College of Pharmacy, Pt. Deendayal Upadhyay Health and Ayush University of Chhattisgarh was the resource person who delivered the talk by online mode.

More than 150 participants joined the online programme. Dr. M A Bhutkar welcomed all the participants. Dr. A R Chopade introduced the resource person with the audience. Dr. C S Magdum welcomed all the participants and the resource person Dr. Shekhar Verma and expressed the importance of such online programmes. Dr. Shekhar Verma, in his talk explained in detail about the utility of Surfactant based non aqueous dispersions as a means of drug delivery. He focused on the recent advances in the field of insoluble drug delivery and the Conceptual idea about surfactant based non aqueous-dispersions and its varied applications in different drug delivery systems. Dr. Verma discussed the use of surfactant based non aqueous dispersions for hydrolytically unstable drugs, wherein the API is prone to undergo hydrolysis or oxidation in presence of water. Dr. Verma elaborated the concept with various examples and

focused on certain case studies and research problems. The participants actively participated and asked their queries which were answered by Dr. Shekhar Verma at the end of the talk. The programme concluded with a vote of thanks expressed by Vice principal Dr. S. K Mohite Sir.

Report on
“Career and Research Components”

Date: 31/12/2021

Time: 11.00 am to 12.00 noon

Name of Speaker: Smt.Rantmala Bandal

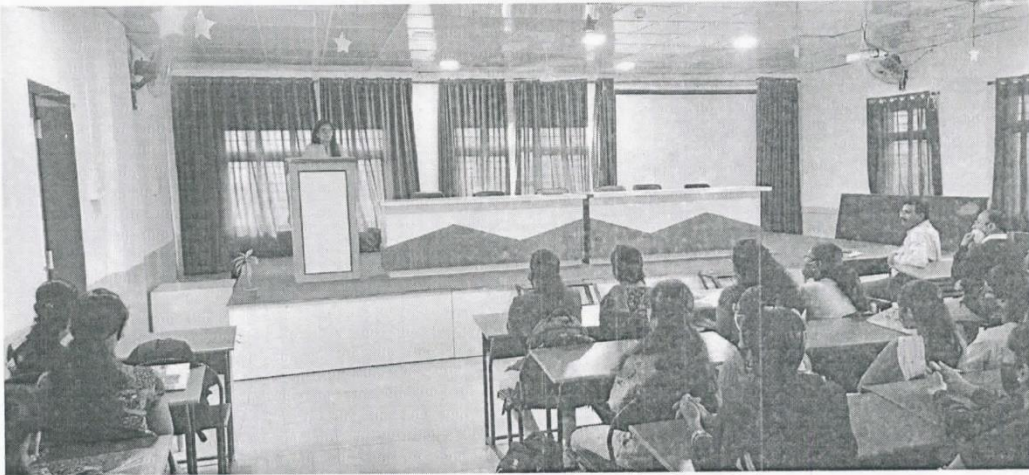

The Seminar started with an inaugural session and inaugurated by the Hon.Vice Principal of Dr. S.K. Mohite, Training and Placement Officer Dr.M. M.Nitalikar, and Academic in charge Dr.Ganesh H.Wadkar. The programme was attended by the Faculty members of Rajarambapu college of Pharmacy, Kasegaon, Smt.V.N. Dange had delivered the welcome address for chief guest and seminar. It was followed by giving token of love and Felicitated the guest.

Smt.Rantmala Bandal delivered a speech on focusing personality. She also emphasized on the importance of seminar like personality development. Latter on she motivated students for new opportunities in the field of organic chemistry.

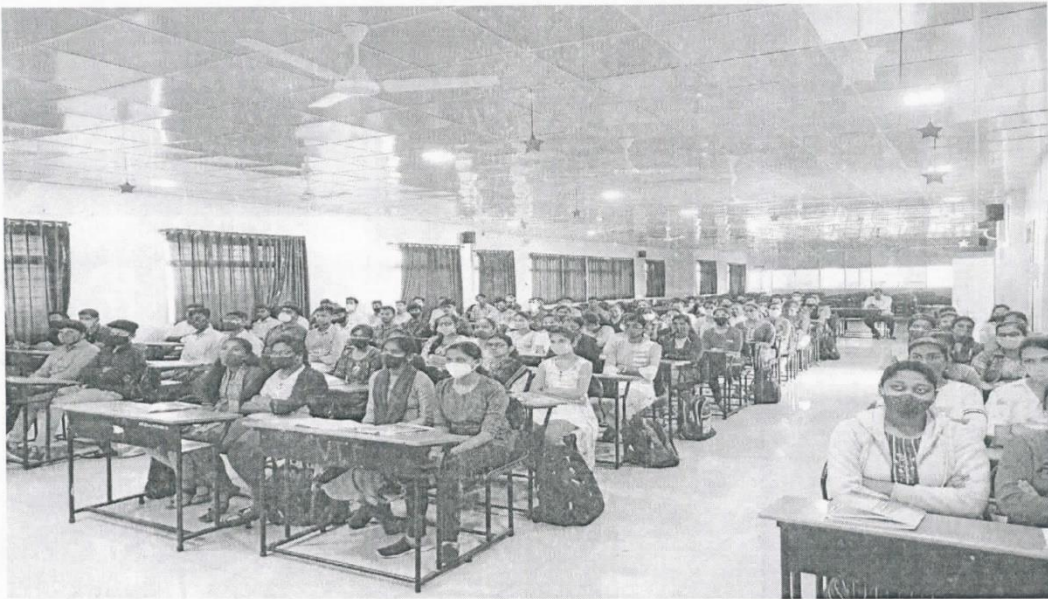

Dr.S.R. Kane delivered the concept note of the seminar highlighting the aim and objective of the programme. 100 students were participated in the seminar.

Smt.S.J.Shid proposed vote of thanks. Dr.S.R. Kane, Smt.V.N, Dange, and Smt.S.J.Shid, took efforts for completion of programme successfully.

Speech by Smt. Ratnmala Dilip Bandal

Concluding speech & Vote of thanks given by Smt. S. J. Shid.

Subject: Invitation as a Resource person for offline FDP on 'Research Methodology and Biostatistics'.

Dear Sir,

It is with great pride and pleasure that we announce that our college has taken initiative to conduct FDP. We are organizing an online FACULTY DEVELOPMENT PROGRAMME on 'Research Methodology and Biostatistics'. I hope you would accept our invitation and be a part of this grand event. Your offline presence on this occasion shall greatly boost the morale of faculty. Kindly share your expert opinion and experience in event.

Thanking you.

Yours Sincerely

A seminar report

RESEARCH METHODOLOGY AND BIOSTATISTICS
(3 MARCH 2022)

A seminar by **Dr Remeth Dias sir** was organized on 3 MARCH 2022 at seminar hall of Rajarambapu College of Pharmacy, Kasegaon. Presently, he is working as Head of Department at Govt. College of Pharmacy, Karad. He has authored 9 books, published 25 international and 55 national research papers. He has guided 44 M. Pharm, 1 PhD student and his area of interest includes Biopharmaceutics & Pharmacokinetics, Novel Drug Delivery Systems, Biostatistics & DOE. He is life member of various professional bodies. Dr. R. J. Dias has won APTI Best Teacher/Principal of Diploma Pharmacy for the year 2018 during APTI Convention at Jaipur. He has delivered more than 125 expert lectures on various topics and trained more than 6000 faculty on online teaching through various FDPs. He has worked as member of Board of Studies in Pune, Solapur, Nanded & Kolhapur Universities.

A total of 50 students of M PHARM course and 15 faculty were taken benefit of the seminar.

He delivered his **speech on standard deviation, regression coefficient, nova test chi square test values**. His presentation was so nice that the students and faculty were satisfied and all have got answers of questions and have got knowledge of biostatistics.

He told that the **Research methodology** is the specific procedures or techniques used to identify, select, process, and analyze information about a topic. In a research paper, the methodology section allows the reader to critically evaluate a study's overall validity and reliability. He has given an eminent lecture on research methodology which is a way of explaining how a researcher intends to carry out their research. It's a logical, systematic plan to resolve a research problem. **He explained** a methodology details a researcher's approach to the research to ensure reliable, valid results that address their aims and objectives. It encompasses what data they're going to collect and where from, as well as how it's being collected and analyzed.

He has illustrated Research Methods: Definition of research, role and objectives of research, applications and types of research, research process and steps in it. Collecting and reviewing the literature, conceptualization and Formulation of a research problem, Identifying variables, constructing hypothesis, Synopsis. **Research Design:** Selecting and

defining a research problem, need for research design, features of a good research design, different research designs (exploratory, descriptive experimental and diagnostic research). **Design of Sample Survey:** Census V/s Sample enumerations, objectives and principles of sampling, Types of sampling, Sampling and Non-sampling errors. Determination of the sample size. Measurement of Scaling Concepts: Scales of measurements, nominal, ordinal, internal and ratio scales, **Errors in measurements.** Validity and Reliability in measurement, Scale Construction Techniques. **Data Collection & Analysis:** Primary & secondary data, Validity and Reliability of data collection procedures, data preparation, exploratory data analysis, parametric and nonparametric tests, correlation and regression analysis, ANOVA, Multivariate Techniques. **Report Writing:** Discussions, Conclusion, referencing and various formats for reference writing, Bibliography, Thesis Writing, Thesis writing, Formats of publications in research journals including subject classification, Impact factor, Citation index. **Computer Applications:** Data Communication and networks, LAN, WAN, GAN, Internet, Website, Webpage, E-mail, Search Engines, Scientific search engines. PDF and Latex files. MS WORD : Test formatting, Math Type, MS Equation editor, INFLIBNET, e-journals, e-library, Scopus, Central blatt Math, Mathematical reviews. EXCEL CALCULATIONS.

He have also explained in a very well manner about **Hypothesis testing** After analyzing and processing of data, hypothesis is skeptically formulated regarding the relationship between phenomena and variables involved in a study. Then by empirical investigation the hypothesis is tested for possible acceptance or rejection. In other words, he suggested that the researcher have to decide on the basis of the observed facts that he has collected, whether or not an assumption is valid. A hypothesis should be tested by making use of a predefined decision rules established in statistical methods. **Dr Dias sir have also guided the PG teachers and PG students about the popular statistical tests are, Z- test, Chi- square test, t- test and F- test. He also guided about use of non parametric tests.**

After an enthusiastic lecture, Dr S R Kane sir have given a vote of thanks.

REPORT

on

Faculty Development Programme

“Molecular Modeling in Drug Design”

(Organized through Department of Pharmaceutical Chemistry)

Event- Faculty Development Programme

Day & Date- 5th March 2022

Timing- 10 AM – 5.30 PM

Students- M. Pharmacy Students & Faculty

Faculty convener- Dr. S. R. Kane

Venue: New Auditorium

No. of Students: 45

Inaugural Session: The workshop started with an inaugural speech by Dr. S. R. Kane Event co-coordinator. Sir highlighted the key points why such kinds of workshops are required to sensitize our students to develop any chemical entity through virtual screening. Dr. V. R. Salunkhe pointed out that this is the demand of the hour and the first session was started. In the first session Dr. Gandhi had explained the importance and the application of Virtual screening by using free software's. Out of he had demonstrated the docking activity by using Schrodinger, later he distinguished the operational differences between Schrodinger and Vlife MDS. As the session progress students are more interested to solve actual problems on screen with different examples.

In afternoon session Dr. Gandhi explained whole concept of QSAR and explained with justifying examples. The vote of thanks was given by Shri Akshay on behalf of Rajarambapu college of Pharmacy, Kasegaon. Expressing gratitude towards Principal for arranging & giving permission of such informative sessions.

We would like to thank the Head of Department Dr. S. K. Mohite for their cooperation and contribution to the seminar. We are grateful to our enthusiastic team of colleagues who all have contributed to the organization of this seminar, including Dr. S. D. Bhinge, Shri V. R. Dharanguttikar & Shri Akshay R. Yadav. Furthermore, we want to thank Shri P. S. Patil & Shri Babasaheb Ganganmale for their very kind support to help organizing the seminar, and for their contributions to this report. And we thank all speakers and participants for their fruitful involvement in the seminar.
